

Morgan Hill Laser Tag

Laser Recon is our form of laser skirmish, a unique sport that blends the best qualities of traditional laser tag, paintball, airsoft and video games. Players are organized into teams, where they work together with their teammates to achieve mission objectives. Depending on the mission, this could involve eliminating all of the opposing team players, escorting a VIP to an extraction zone, defusing a “bomb” before time runs out, or all of the above!

Laser Recon

Laser Recon is a form of laser skirmish, a sport which combines the fast-paced action of paintball and airsoft with the arsenal found in movies and video game. The result is a uniquely challenging sport which is simple enough for anyone to play, yet versatile enough to keep even seasoned veterans on their toes.

Laser Recon brings all the fun of video games and movies into the real world, in a safe and healthy activity that's fun for kids of all ages and a good way to exercise.

Missions

Missions are what separate us from the lower animals... well, that and opposable thumbs, and a few other higher brain functions... but mostly missions! To successfully complete your mission, your team will have to achieve one or more objectives. Simply eliminating the opposing team isn't good enough; you'll have to balance your attacks on the opposition with achieving the goals handed down to your team.

Some missions are designed for beginners, while others offer challenging levels of play to beginners and veterans alike. Each mission has numerous options designed to challenge even the most seasoned warrior, and for the truly elite, we combine missions to give you even more victory requirements!

Group Events

Laser Recon makes for a perfect add-on activity to your group's event. Our flexible mission system and low amount of downtime makes us a great fit for lock-ins, picnics, reunions and much more.

Church Groups: Looking for a way to energize your youth group with a challenging, fun, healthy and (most importantly) safe activity? Laser Recon is the perfect fit! Our Event Planners can work with you to run games specifically structured to reinforce your church's beliefs. Laser Recon makes for a great add-on to church picnics, and it's also great for lock-ins to keep everyone energized through the night.
